IES Membership Application

THE SOCIETY

The International Eosinophil Society, Inc. (IES) is an organization of scientists and clinicians interested in the eosinophil, a blood cell strongly associated with many diseases. The society sponsors biennial meetings to review new information about the eosinophil and its roles in health and disease.

IES has been established to bring together scientists around the world who are engaged in research in the field of **Eosinophil Biology** and **Eosinophil Disorders** with a view to facilitating exchange of ideas and information about this fascinating inflammatory cell type and its role in diseases.

www.eosinophil-society.org

EOSINOPHIL BIOLOGY

Discussions will cover all aspects of eosinophil biology, ranging from mechanisms regulating their development and differentiation to their function and activation both in vitro and in vivo. They will focus on both cellular responses as well as the function of eosinophil products and include their regulation by pharmacological agents.

EOSINOPHIL DISORDERS

IES provides a framework for discussing research regarding eosinophil disorders. In order to facilitate the optimal exchange of ideas regarding rare eosinophil diseases, IES holds biennial meetings.

BIENNIAL SYMPOSIUM

The purpose of the Biennial Symposium is to provide a venue for scientists and clinician-investigators interested in eosinophils to meet, exchange information and develop collaborations to advance research in the fields of eosinophil biology and the pathogenesis of eosinophil-associated allergic and other diseases. The symposium showcases new research findings related to the production of eosinophils, their trafficking, their effector functions, the use of animal models to explore the importance and role of the eosinophil in health and disease, translational studies of animal model findings into patient-oriented research, and the development of new therapies of eosinophil-associated diseases.

MEMBERSHIP BENEFITS

- Access to the "Members Only" section of the website
- Membership Directory
- Reduced Biennial Symposium registration rates (members in good standing for two years)
- Abstract book from the Biennial Symposium
- Photo gallery from the Biennial Symposium
- Participation in a variety of committees
- Eosinophil research aids
- Exposure to and participation with other professionals involved in eosinophil research

MEMBERSHIP DUES

Regular two-year: \$200 USD

January 1 - December 31 (two years)

Trainee two years: \$100 USD

January 1 - December 31 (two years)

Trainee one-year: \$50 USD

January 1 - December 31 (one year)

Lifetime: \$2,000 USD

IES COMMITTEES

Budget and Finance Committee

The Budget and Finance Committee will provide oversight of all financial activities of IES. In particular, the committee will provide the necessary support and guidance to the IES Board of Directors for budgetary decision making and immediate, intermediate and long-term planning.

Fundraising Committee

The Fundraising Committee will identify potential donors and related industry support as funding sources to supplement membership dues income and to fund IES activities, and particularly to support the Biennial Symposium.

Membership Committee

The Membership Committee will recommend to the Board of Directors changes in the membership dues structure, develop methods to enhance and maintain membership in IES, and develop and maintain an accurate, up-to-date membership list.

Publicity Committee

The Publicity Committee will create and organize the newsletter for the purpose of periodic communications and announcements to disseminate to members electronically.

Scientific Program Committee

The Scientific Program Committee will be responsible for the development of the content for the Biennial Symposium.

Website Committee

The Website Committee will update and maintain the content of the website.

Interested in joining a committee?

Please contact info@eosinophil-society.org.

Application Form, continued.

MEMBERSHIP RATES

☐ **Regular:** \$200 USD

☐ **Trainee (two year):** \$100 USD

☐ **Trainee (one year):** \$50 USD

☐ **Lifetime:** \$2,000 USD

PAYMENT INFORMATION

Method of Payment:

☐ Visa

☐ MasterCard

☐ Check enclosed, made payable to IES
